ALBUQUERQUE HOUSING AUTHORITY

## Attachment 3: New Activities

### *Mixed Finance Modernization or Development*

AHA manages a portfolio of 953 units of public housing. All the units were built in the 70's and early 80's. No major rehab has taken place at these properties. The properties have been maintained primarily with annual capital fund grants. An energy performance contract in 2005 and ARRA funding in 2009 allowed for some additional infusions of capital into the properties, both were primarily used for improving energy efficiency. Based on a recent assessment these properties have, conservatively, immediate critical capital needs of \$5.3 million and another \$18.5 million over the next 20 years. AHA receives approximately \$1 million a year for the capital needs of the properties. The capital needs at these properties outweigh the annual funding we receive. The agency must find additional sources to supplement current funding.

### *Demolition and/or Disposition*

AHA intends submit applications for the demolition of the housing units currently located at 1840-1876 Broadway Place NE (30 units) as part of the RAD conversion of this property. The goal is to replace the existing units with a greater number of new units and may utilize Tenant Protection Vouchers at the property. In addition, AHA intends to submit applications for the disposition of units in AMP NM001000000, AMP NM001000001, and AMP NM001000003 to utilize Tenant Protection Vouchers at the properties. See Conversion of Public Housing to Project-Based Assistance under RAD below for additional details.

### *Designated Housing for Elderly and/or Disabled Families*

**AHA plans to resubmit applications for designated Housing for Elderly and Disabled on the following properties:** 1212 Candelaria NW, 701 5th St SW, 415 Fruit NE, 615 Arno NE, 9725 Comanche NE and 320 Roma NE 1-14.

**AHA plans to resubmit applications for Near Elderly on the following properties:** Embudo Towers (8010 Constitution NE), Wainwright Apts. (5601 Gibson SE).
