I. Introduction

The Albuquerque Housing Authority (AHA) is seeking proposals from property owners of existing housing units to receive an allocation of Project Based Section 8 Vouchers (PBV) to serve the homeless in the City of Albuquerque. The purpose of this allocation is to provide suitable housing to homeless households so that they can receive supportive services and transition to self-sufficiency. Eligible households will meet the HUD definition and standard of verification of homelessness as outlined in the Hearth Homeless Definition Final Rule published in the Federal Register / Vol. 76, No. 233 / Monday, December 5, 2011 as well as the eligibility requirements for the Section 8 HCV Program administered by AHA. Owners of eligible properties must meet inspections standards, site selection criteria and all other criteria outlined in the Section 8 Administrative Plan including Project Based Vouchers.

The definition of homelessness is as follows:

- 1) Individuals and families who lack a fixed, regular, and adequate nighttime residence and includes a subset for an individual who resided in an emergency shelter or a place not meant for human habitation and who is exiting an institution where he or she temporarily resided;
- 2) Individuals and families who will imminently lose their primary nighttime residence;
- 3) Unaccompanied youth and families with children and youth who are defined as homeless under other federal statutes who do not otherwise qualify as homeless under this definition; and
- 4) Individuals and families who are fleeing, or are attempting to flee, domestic violence, dating violence, sexual assault, stalking, or other dangerous or life-threatening conditions that relate to violence against the individual or a family member.

AHA may select multiple proposals with the goal of issuing a maximum of 50 project based vouchers to owners of existing housing. According to the requirements outlined in the Section 8 Administrative Plan no project may set aside more than 25% of its total units for project based vouchers.

AHA reserves the right, at its sole discretion, to reject any and all proposals, to waive any irregularities, and to reject nonconforming, non-responsive, or conditional proposals. **All applications submitted to AHA for Project Based Vouchers are due no later than 4:00 PM June 1, 2016.** Late proposals will not be accepted. Applicants must submit 1 original and 4 hard copies in a binder with tabs that reference each scoring criteria outlined in Section V Threshold Criteria. Copies are to be delivered to:

The Albuquerque Housing Authority provides its programs and services in a nondiscriminatory manner and is an Equal Opportunity/Affirmative Action Employer. The hearing impaired may call 711 in New Mexico for more information.

II. AHA Profile

The HUD Housing Choice Voucher Program provides rent subsidies on behalf of very low- income Albuquerque households so they can live in decent, safe, and affordable housing. Administered by the AHA. The Albuquerque Housing Authority serves approximately 4,100 households who are primarily senior, disabled, or working. The AHA also administers the Family Self-Sufficiency Program which encourages independence from government assisted programs. The AHA maintains a waiting list for program assistance that includes over 2,900 applicants. For more information on AHA programs, please visit www.abqha.org

III. Project Based Voucher Description

Funding for this Project Based Voucher Program (PBV) comes from funding from Section 8 funds disbursed to AHA. Unlike Housing Choice Vouchers that stay with the tenant, project based vouchers remain at a specific property.

AHA is seeking proposals from owners of existing housing with Section 8 Housing Choice Voucher experience. Special attention must also be given to the specific needs of the homeless population and collaborating with a service provider to increase housing retention.

Proposed projects must be located within the City of Albuquerque and have supportive services provided. Proposed projects must meet all of the criteria outlined in the AHA Section 8 Administrative Plan. A signed letter from the service provider or proof of self-sustaining services at the property are a required part of the application.

Owners of existing housing that will be ready for occupancy within 90 days of selection are eligible to apply. A description of the feasibility of the units being ready for occupancy in order to meet this deadline and timeline must be included with the proposal and will be evaluated by AHA for feasibility and likelihood of being able to meet the deadline as well as pass Housing Quality Standards (HQS).

All proposals are to be site specific. The applicant must have site control at the time of application as evidenced by a deed, option, purchase and sale agreement, development agreement, or other instrument acceptable to AHA.

If selected by the AHA for the project based vouchers, the selection is conditional and subject to:

- a. completion of an environmental review, and
- b. a subsidy layering review, if applicable.
- c. Passing Housing Quality Standards Inspection.
- d. Other requirements as outlined in the Section 8 Administrative Plan section on Project Based Vouchers pages 86-120.

If selected, the owner may not take any action prohibited under 24 CFR 983.58(d) until applicable environmental review and/or subsidy layering review and HQS inspection is completed. Any project based contract entered into with the AHA after selection will not provide for vacancy payments to the owner.

If any of the items described and required in this section are incomplete or missing, they will be treated as a curable deficiency and AHA may contact an applicant to clarify or request missing information. Applicants must supply the requested information within two business days of the date requested or the AHA reserves the right to no longer consider the application for PBV allocation.

Applicants should also understand the following:

- A) Applications are to be for no more than 25% of the total units in a project unless that meets the exceptions under 24 CFR 983.5(a) as well the Section 8 Administrative Plan.
- b) Applicants are to consult [24 CFR 983.251(b)] regarding in-place families.
- c) Applicants are to consult Chapter XX-II.G. SITE SELECTION STANDARDS regarding AHA priorities regarding site selection

 - h. Resumes of the owners, management and other key stakeholders.
 - i. A narrative describing the readiness of units
- 4) A signed letter of support from a service provider which must outline the supportive services to be provided to the Project Based Voucher residents.
- 5) Demonstrated relationship and coordination plan for the provision of case management and other supportive services.
- 6) An explanation of how the project is consistent with the goal of de-concentrating poverty and expanding housing and economic opportunities. (Please see Section III regarding site selection)
- 7) A statement that the proposed project will comply with Housing First and any occupancy policies or statements of purpose that clearly indicate how the principles of Housing First will be incorporated into the admission of PBV participants.
- 8) An explanation how the principles of Housing First will be incorporated into the provision of supportive services reflecting the specific needs of the target population the project will

assist including off-site and on-site services that will be accessed and how these services will be monitored by the AHA or other responsible party.

- 9) A statement indicating the project's accessibility to transit, healthcare, employment opportunities, and to key neighborhood assets (which must be identified) such as quality grocery stores, banks, libraries, and parks and recreational facilities. This statement must include transit options for the immediate area, such as bus routes, ride/bike share, etc.
- 10) A description of any supportive services, in addition to the PBV services, that will be provided.
